AIEM, LLC Receives Unique Entity ID (UEI), Now Eligible for Federal Contracting Opportunities

[June 3, 2025] - AIEM, LLC is proud to announce that it has officially received its Unique Entity ID (UEI) from the U.S. federal government, marking a pivotal moment in the company's mission to reshape the future of emergency management through human-centered artificial intelligence.

This designation confirms AIEM's eligibility to engage in federal contracting through the System for Award Management, opening new doors for strategic collaborations with public agencies across the country.

"This milestone reflects AIEM's formal eligibility to support federal agencies, and, through them, their state and local partners, as a trusted collaborator in the ethical integration of AI into emergency management and public safety," said Stephen Peterson, Founder of AIEM.

AIEM, LLC specializes in AI consulting, emergency management innovation, and real-time decision support strategies that integrate artificial intelligence as a supplemental capability. The company remains committed to collaborating with partners across sectors to responsibly implement AI solutions that are transparent, mission-aligned, and ethically grounded.
